

2026 FIREFIGHTER CALENDAR

BE FIRE READY EVERY DAY!

Fires can start anywhere. Inspect areas of your home that are most prone to fire: the kitchen, electric appliances, wiring, and the heating system.

Check your home “HOTSPOTS” to identify possible fire hazards!

HOME HOTSPOTS

KITCHEN

- Keep matches and lighters out of reach.
- Never leave cooking unattended.
- Keep cooking surfaces clear of clutter.
- Hang curtains, pot holders, and dish towels at least 3 ft away from the stove.

The kitchen is the leading cause of home fires.

ELECTRICAL

- Avoid extension cords. Never run cords under rugs or across walkways.
- Never overload electrical outlets.
- Check cords and plugs for wear.
- Make sure appliances are UL approved.
- Lights flicker? Switches hot to the touch? Contact an electrician right away!

HEATING

- Have chimneys cleaned and inspected yearly.
- Keep combustible materials 3 ft away from heat sources.
- Make sure space heaters are clean and in good working condition.
- Use space heaters with thermostat controls and automated power off setting that will shut off if tipped over.

Working smoke alarms save lives. Proper smoke alarm placement and maintenance is critical to help keep your family safe in a fire.

- Test smoke alarms once a month.
- Replace batteries twice a year. Never borrow batteries from the smoke alarm.
- Keep smoke alarms free of dust and other debris.
- Replace alarms every 10 years.
- Place smoke alarms on every level of your home (including the basement and attic.)
- Place smoke alarms outside each sleeping area.
- Place smoke alarms inside each bedroom.

Fire can spread quickly, leaving as little as two minutes to get out safely once a smoke alarm sounds. Having and practicing a Safe Escape Plan can make all the difference.

- Know 2 ways out of every room.
- Have a safe meeting place - outside & away from your home.
- Practice home fire drills twice a year

**KEEP FIRE DANGERS AWAY.
BE FIRE READY EVERY DAY!**
