

# BECOME AN ACORN AVENGER!

We're all about keeping our home and forests safe and sound.  
Take this pledge to help prevent wildfires!

- I promise to be a wildfire watcher: I'll keep my eyes peeled and report any sneaky sparks I see.
- Matches and lighters are not toys, and fire is no joke. I'll leave the flames to the grown-ups, just like Scout.
- I'll be a fire-free zone: My space is my safe place. I'll clear the clutter, make a defensible space, and keep my surroundings spark-free.
- I'll tell my pals and family about wildfire safety – we're a team, and we keep each other safe and sound.
- I'll love and respect the great outdoors. After all, Scout knows that a healthy forest is a happy forest!

THE WILDFIRE SAFETY SQUIRREL

LEARNING AND ACTIVITY SHEET

Our forests are very special. If we are careful with every fire, our forests and woodlands will be around for a long time.

**SCOUT'S FRIENDS:**

Four cartoon animal friends are shown. At the top left is a duck with a large beak and a friendly expression. To its right is a cat with a large, bushy tail and a smiling face. At the bottom left is a bird with a large beak and a friendly expression. To its right is a fish with a large eye and a friendly expression. All four animals are simple line drawings with large, expressive eyes.
